Type of Test - Visual \_\_\_\_\_ Pressure \_\_\_\_\_ Water \_\_\_\_\_ Smoke \_\_\_\_\_

Approved \_\_\_\_\_ Disapproved \_\_\_\_\_

Reason \_\_\_\_\_

**All work including lateral line connections must be inspected and approved by LHMA before lines are buried. A minimum of 48-hour notice must be provided for an inspection. Failure to comply with the regulations of connection and inspection will cause legal action by LHMA to the property owner.**

Property owners are reminded that only sanitary sewage may be discharged into the sewer system. No roof water, storm water, cellar seepage, surface or ground water, French drains or foundation drains shall be discharged into the sewer system. No toilet wipes or feminine products are to be flushed into the sewer system.
